**WEBINAR - Simulation Apps:  
Simulation for Everyone**

January 14, 2016

2pm EST

Engineering.com will host a webinar to introduce simulation applications. The webinar will show how forward-thinking manufacturers are able to improve innovation, quality, and profitability by leveraging the knowledge and experience of expert analysts. Simulation Applications capture and extend CAE expertise, empowering even non-experts to quickly and safely perform complex analysis.

[Click here](#) to register for this webinar.

**About the Presenter:**

Comet Solutions CTO, Malcolm Panthaki will be the featured speaker. Comet provides software and services that simplify the complex process of engineering product systems. The company has developed a suite of powerful web-deployable SimApps™ and works with companies throughout industry to develop solutions tailored to their requirements.

**Until next time,**

**Joe Walsh**
